

Bring out the best in your network

BCE Global Professional services

Keep your infrastructure operating at peak performance with 24/7 network technical support from BCE Global, a Bell Canada company's certified professional services team. With our experts taking care of your back-end network installation and maintenance, you're free to focus on your core business.

Our professional services team delivers comprehensive on-site, online and remote network technical support services including conduit and cabling services, installation and maintenance.

Benefits of BCE Global's Professional Services

- **Scale with ease:** Get an efficient and rapid response whenever you need physical or visual assistance, plus access to the leading-edge technologies and support resources for fast resolution.
- **Efficiency and cost-effectiveness:** Improve your network efficiency and minimize downtime by leveraging our team's insights and expertise.
- **Support for business growth:** Differentiate your business and grow your market share by offering our one-stop professional services to your customers.
- **One point of contact:** Get a single point of contact for all onsite, telephone and online technical support.

Professional Services from BCE Global

Our professional services include:

- **Conduit and cabling services** – we sell and install conduits and cables including fiber cabling systems, copper cabling systems, and racks and enclosures.
- **Installation services** – we install equipment from the leading telecommunications hardware manufacturers, including LAN-based office equipment.
- **Maintenance services** – for ongoing management of network installations, moves, adds, changes and more.

About BCE Global

BCE Global provides industry-leading broadband, IP and voice wholesale products and services across Canada and at key points in the U.S. and Europe – helping you grow your businesses and meet the needs of your customers.

As part of Canada's largest communications company, Bell Canada, we have access to more than 270,000 kilometers of fiber across the country. Our convenient "meet me" points in the U.S. and Europe provide seamless access to the largest network in Canada.

With an extensive team of professional services experts and 24/7 help desk availability, BCE Global provides high-quality support to interexchange carriers, local exchange carriers, wireless service providers, resellers, Internet service providers, over-the-top providers, system integrators, telcos and cablecos.
