

# Reliable, low-latency Internet transit

## BCE Global Internet Connect service

Deliver the connectivity and speed to meet your customers' needs from coast-to-coast-to-coast across Canada. BCE Global Internet Connect runs on a diverse network, providing reliable, low-latency Internet transit and access options.

Internet Connect makes it easy to support high traffic volumes and gives you access to the Bell Canada network, peering partners and transit providers depending on your requirements.

### Benefits of BCE Global Internet Connect

- **Reach:** BCE Global gives you coverage in all major Canadian cities and connections to key U.S. markets – plus extensive peering and transit relationships with Canadian Tier 1 partners and content providers.
- **Reliability:** Take advantage of our leading-edge IP network design for optimized traffic routing – with physically diverse fiber routes, back-up points of presence and redundant transport and switching equipment for greater resiliency and survivability.
- **Choice:** Internet Connect gives you three transit service options, each available at access speeds from 1 Mbps to 10 Gbps to meet your needs and those of your customers.

- **Support:** Count on 24/7 customer support from expert IP technicians and network engineers to keep your service up and running. Our self-serve portal gives you instant quick, up-to-date view of monthly usage reports and network performance metrics.

### Key features of BCE Global Internet Connect service

- **Settlement-based peering:** Gain access to the Bell Canada network – ideal if you require access to only the Bell customer base.
- **On-net transit:** Access Bell's Canadian network and peering partners.
- **Transit:** Leverage full access to all of the above plus off-net routes through top-tier transit partners if required.

## About BCE Global

BCE Global provides industry-leading broadband, IP and voice wholesale products and services across Canada and at key points in the U.S. and Europe – helping you grow your businesses and meet the needs of your customers.

As part of Canada's largest communications company, Bell Canada, we have access to more than 270,000 kilometers of fiber across the country. Our convenient "meet me" points in the U.S. and Europe provide seamless access to the largest network in Canada.

With an extensive team of professional services experts and 24/7 help desk availability, BCE Global provides high-quality support to interexchange carriers, local exchange carriers, wireless service providers, resellers, Internet service providers, over-the-top providers, system integrators, telcos and cablecos.
